1. Introduction

The NL-SW-LTE-TSVG Skywire® modem is manufactured using Telit firmware version 17.01.571. Telit has since released new firmware, release 17.01.573, which includes several updates, including support for remotely initiated FOTA updates.

The NL-SW-LTE-TSVG is being superseded by the NL-SW-LTE-TSVG-B which will ship with the latest firmware released by Telit, release 17.01.573.

For a complete list of updated items, please refer to Section 5 & 6 of Telit's "Delta SW LE910" document (80463DSW10083A rev2) available via [Telit's Download Zone](#). To download documents from the Telit Download Zone you are required to set up a Telit User Login.

2. Migration Overview

Customers with existing products can update to version 17.01.573 via a firmware update; firmware update instructions are provided in application note [1001500](#).

All designs should migrate to part number NL-SW-LTE-TSVG-B, which is specific to firmware version 17.01.573.

3. Last Time Buy Date

NL-SW-LTE-TSVG devices are now Not Recommended for New Design, instead customers should use NL-SW-LTE-TSVG-B.

NL-SW-LTE-TSVG Last Time Buy date is 12/31/2017 and Last Time Ship date is 03/31/2018.

Customers starting new designs should start with NL-SW-LTE-TSVG-B.
