1. Introduction

Over their lifetime, Skywire® modems may incur several firmware updates provided from the module manufacturers. These updates will improve communication, fix bugs, and add features to the module and resulting modem functionality. NimbeLink will stay current with the latest firmware releases. It is recommended that customers also test and apply these new firmware versions when they become available. The Suppliers of the modules used in the NimbeLink Modems will from time to time EOL, End of Life, both FW and the module HW devices. NimbeLink will provide timely commercially reasonable effort to communicate these changes to our modem customers.

The NL-SW-LTE-SVZM20 Skywire® modem is manufactured using Sequans firmware version LR5.1.1.0-32110. Sequans has since released new firmware, release LR5.1.3.0-MR3.2-37120, which is their latest Firmware Maintenance Release, (MR.) This MR includes several updates, including:

- Numerous AT command updated to align with AT Command Manual
- Numerous bug fixes and lockup fixes
- The USB port now defaults to an AT command interface
- Cellular registration improvements
- Verizon Thingspace stack added

The NL-SW-LTE-SVZM20 is being superseded by the NL-SW-LTE-SVZM20-B which will ship with the latest firmware released by Sequans, release LR5.1.3.0-MR3.2-37120.

2. Migration Overview

Customers with existing products can update to version LR5.1.3.0-MR3.2-37120 via a firmware update; firmware update instructions are provided in application note 1001541.

All designs should migrate to part number NL-SW-LTE-SVZM20-B, which is specific to firmware version LR5.1.3.0-MR3.2-37120.
3. **Last Time Buy Date**

Customers using NL-SW-LTE-SVZM20 should move to NL-SW-LTE-SVZM20-B, NL-SW-LTE-SVZM20 is Not Recommended for New Design, NRND, but is still an orderable part number and can be purchased as a custom order. Contact [Sales@nimbelink.com](mailto:Sales@nimbelink.com) for quotation and lead-time.

Customers starting new designs should start with NL-SW-LTE-SVZM20-B. From this date forward the standard orderable part number from NimbeLink will be the NL-SW-LTE-SVZM20-B.
